Subject: Satisfactory Certificate for Installation & Commissioning of 10 kW Solar Grid Tie Rooftop System at ICICI Bank, Jay House, Vadodara

This is to certify that Switching AVO Electro Power Ltd, have successfully designed and implemented a 10 kW solar Grid tie rooftop system at ICICI Bank, premises number - 42, Hari Bhakti Society, Near Chakli Circle, Old Padra Road, Vadodara - 390007.

The details of the system are - 255 watt 40 nos solar modules from Waaree Energies & 1 unit of 10 KW grid tie solar inverter from ABB. The solution was installed in quick time by AVO for our 22nd Annual General Meet on 11th July 2016 held at Vadodara. AVO has completed the supply and installation and the service and maintenance job is satisfactorily ongoing.

We are happy with the performance of the solution and the generation of power from solar energy. It gives us great satisfaction to consume green power and serve the environment

Thanks & Regards,
